

“Power Up YOUR LIFE with Sound!”

An informative presentation by David Hulse the founder of SomaEnergetics: a powerful series of sound therapies that utilize tuning forks tuned to the frequencies of the Ancient Solfeggio.

These Solfeggio frequencies may very well provide a way to access all levels of consciousness, free blocked energy and create openings for personal transformation and healing.

Join David for an introduction to SomaEnergetics Training and Vibrational Tools. Learn how vibrational tools can be an added modality to your Reiki practice; enhancing your client’s experience while making your Reiki practice unique.

Sound and vibrational therapy is used for personal empowerment in the areas of stress management, pain relief and increased quality of life!
